Signatories: between Bush and bin  
and Ahmadinejad — as with OBL/USC!

US encouraging Iranian mullahs: threats,  
rejection of any evening process, refusal to negot!

(like that "hardening the hearts" of  
Israeli adversaries/complicitos for level —  
to justify slaughter!

If there is a l-r "threat", it is to  
Israel, + Israeli intervention

"Realistic intervention," who values US dominance:

US doesn't have enough power or will to  
deal with the V resistance evoked by  
direct empire "Lesson of V & Iraq."

(Was this argument used by advocates  
of indirect UK empire?
